Note: Top 25 **online degree rankings** based on a Spring 2006 GetEducated.com, LLC survey of publicly-posted tuition and fee rates at 89 distance bachelor degree programs offered through regionally accredited universities in the USA. Tuition rates are estimates only for four years of study toward the bachelors and typically reflect the least expensive option available at each institution. Actual costs will vary by student. Some programs may require campus residencies and additional fees. Some programs serve restricted delivery areas and may only be available to state residents.
